## TWO BANDITS, TRYING TO ROB BANK, KILLED

### Another Wounded is Captured, Fourth One Makes Escape

### All Are Foreigners-Sheriff on Guard Because of "Tip."

ORWELL, Dec. 9.—Two bandits were killed, a third was injured and a fourth made a successful escape when Sheriff R. C. Eldred and five deputies prevented a robbery of the Orwell Banking Company's bank here about 1 a. m., today.

The two dead bandits are Steve Andrews, 20, and John Zneskigi, 25. The wounded man, now lodged in the county jail at Jefferson is Joe Boruzackitz, 22. The man who got away is John Borenski, 23, according to a statement said to have been made to authorities at the county jail by the captured man.

The four bandits were employees of a steel mill in Pittsburgh, who were out on strike. They came here last night in an automobile.

According to the story told by Boruzackitz, they left Pittsburgh with the intention of going to Orrville, Ohio, to rob a bank. By mistake, he said, they went to Orwell.

The bandits were "caught red-handed" by Sheriff Eldred and his crowd, the two men being killed and the third wounded when they ran from the bank, after a shot had signalled them that officers were on their trail.

The bodies of the dead bandits are in a morgue in this village. The wounded man is in the county jail, and probably will recover from his injuries. The automobile in which the four made the trip was taken by the sheriff and is at Jefferson.

Last Thursday night, when Sheriff Eldred was giving a dinner party to a group of his friends at his home in Jefferson, he received a long distance telephone call, and a voice at the other end said:

"There is a bunch going to rob the Orwell bank tonight." The message was said to have come from Wooster, Ohio. Sheriff Eldred attempted to run down the source of the call, but was unable to do so. He began at once however, to watch the Orwell bank and the result of his watchful waiting policy was the affair of early this morning.

The sheriff, with his regular deputies, H. D. Hannum and L. D. Moury, and five others sworn in especially for the occasion went to Orwell last night to watch the bank. They "camped out" near the institution and watched the men jump on a window and enter the bank. They heard them apply a drill to the vault. They had left one of their number on the outside and in some manner one of the sheriff's crowd fired a shot at him, which attracted the bandits to the outside. When they saw the officers they ran. The officers yelled "halt" and when the bandits refused to do so they opened fire.

## State Must Aid Paying Refund of Saloon Tax

COLUMBUS, O., Dec. 9.—The state must bear a portion of the refund to saloonkeepers for the time saloons were closed because of the influenza epidemic last winter, the supreme court decided today in denying a writ of mandamus sought by State Treasurer R. W. Archer to compel the county treasurer of Stark county to turn over to the state the full amount of the state's share of liquor license revenues for the last months the saloons were in business.

The decision means that several hundred thousand dollars which the state anticipated collecting will be retained in the counties to pay refunds to former saloonkeepers. The Stark county case was in the nature of a test case to determine the question.

## G. O. P. Clans in Confab Over 1920 Candidates

WASHINGTON, Dec. 9.—With most of the national leaders of the republican party already assembled here and others arriving on every train, Washington was alive today with gossip over candidates and issues for the campaign of 1920.

The gathering was incidental to the meeting of the national committee which convenes tomorrow, to select the place and time of the national convention next summer.

Friends of every republican prominently mentioned for the presidential nomination were busy, the managers for General Leonard Wood and Governor Lowden, of Illinois, being among the first to get working organizations under way.

Ohio sent a delegation to further the interests of Senator Harding of that state, and the supporters of Senators Poindexter, of Washington and Johnson, of California, also were at work among those who had gathered for the meeting.

## OHIO GRANGERS TO STAND BY TAXATION PLAN

### Favor Income Tax and Listing of Intangibles

COLUMBUS, O., Dec. 9.—Taxation questions will be the principal subject debated by farmers attending the forty-seventh annual session of the Ohio State Grange, which opened here at 10 o'clock this morning.

L. J. Taber, state master, expects a "slight ripple" of division among the farmers on taxation questions but declared the Grange will stand squarely by its platform adopted a year ago. He did not indicate on what measures heated debate was expected. The Grange's main planks have been:

Graduated automobile tax, income tax and inquisitorial powers to bring about listing of intangibles for taxation.

The opening session was devoted to the appointment of committees and introduction of resolutions.

In the afternoon a public meeting was held at Memorial Hall at which Mr. Taber delivered his annual address. Other speakers at the public meeting included Judge Wanamaker of the supreme court on "Home Rule for Country—Is There a Conflict?" and an address by John Chester, president of the Corn Stalk Club of the legislature on "Corn Stalks or Corn Silk."

Representatives of all the large farm organizations in the state are attending the meetings.

Tomorrow night Governor Cox will address the Grange.

A contest is developing for the 1920 session. Cleveland, Sandusky and Findlay are making strong efforts to land it.

## SOLVES BIG SECRET

## WHISKY AS DIVIDENDS PLANNED; MAY RELEASE 1,500,000 GALLONS

CHICAGO, Dec. 9.—Removed possibility that dividends of the United States Food Products Co., legal successor to the former Distillers' Securities Corporation, would be distributed in the form of distilled liquor, instead of currency, caused much comment here.

One broker estimated that on a conservative basis such action might release 1,500,000 gallons of bourbon whisky as dividends on the 307,726 shares of the corporation's stock.

## EVIDENCE OF MEXICAN PLOT MADE KNOWN

### Carranza is Linked With I. W. W. Gang To Foment Strikes

### Facts Secured by Senator Fall Are Before President

(ASSOCIATED PRESS DISPATCH) WASHINGTON, Dec. 9.—Further action in the Mexican situation so far as this government was concerned still was held in abeyance today pending developments from various sources.

The state department was awaiting the arrival of the Mexican reply to the latest American note on the Jenkins case, which was said to have been delivered yesterday to the American embassy at Mexico City.

The senate foreign relations committee temporarily has postponed action on the Mexican question until President Wilson further has outlined his attitude on the recent developments.

The president now is studying the whole situation, including the memorandum of Senator Fall, republican, New Mexico, which was submitted in substantiation of charges that an organized movement had developed in Mexico with the sanction of President Carranza to foment a revolution in the United States.

## PLOT WITH REDS

WASHINGTON, D. C., Dec. 9.—Evidence that radicals in Mexico, with the support of President Carranza, plotted to instigate a revolution in the United States and to seize the border states, is contained in the memorandum presented to President Wilson by Senator Fall of New Mexico, chairman of the foreign relations subcommittee investigating the Mexican situation.

Plans for the proposed revolution were obtained from the minutes of a meeting last Oct. 15 in Mexico City of Lodge Twenty-three, an organization of extreme agitators and members of the Industrial Workers of the World. The Mexican president is linked with the plot through correspondence, in which he recommends three men for special consideration because of their connection with "the plan which they desire to put into practice in the state of Texas."

These men, the committee states, have been identified as active agents of Lodge 23.

## "Will Begin by Strike"

The notes of the meeting of the radical lodge declare "there appeared three delegates, two Americans and one Mexican, who had arrived from the United States, and who claimed that the society would be able at the beginning of next November (that is, November, 1919) to call a general strike of all miners and metal workers in the United States; that they have 3,000,000 adherents in that country, where they will be able to seize one western and two Atlantic ports; that a large number of American soldiers were preparing to take sides with them, and that they proposed to establish a capital of a reformed government of the United States in the state of Colorado; that when such a revolution was successful the border states which were acquired by the United States under the treaty of 1848 would be returned to Mexico."

Shows Letter of Carranza

The three men referred to are the same, the memorandum states, as those mentioned by Carranza in letters of which the committee has obtained photostatic copies.

## Legislature is Wrestling With Auto Tax Law

COLUMBUS, O., Dec. 9.—Another effort is expected to be made to pass the graduated automobile tax law which was defeated by the house on Friday, when the legislature reconvenes this afternoon. If the bill is not taken up in the house on reconsideration it probably will be taken up in the senate. Efforts probably will be made to amend out some of the objectionable features. Chairman Crabbe of the house temperance committee is expected to introduce the new prohibition enforcement bill in the house this afternoon. The Reynolds bill giving women the right to vote at the presidential preference primaries in May in the house calendar and may be acted upon today. Its friends predict it will pass without much opposition.

## Germans Get Last Word of the Allies Tuesday

(ASSOCIATED PRESS DISPATCH) PARIS, Dec. 9.—Germany's delegation at Versailles today is considering what is looked upon as the last word of the supreme council of the peace conference relative to the signing of the protocol of the treaty of peace.

Elimination of the clause providing for coercion by the allies in case of Germany's failure to execute the treaty's provisions and alteration of the claim for indemnity for German warships sunken at Scapa Flow are the most important concessions made by the council in its note delivered last night. Economic effects of the turning over to the allies of German dock and harbor machinery by way of indemnity will be the subject of an inquiry to be conducted by the reparations commission. At the same time, however, the council places on Germany responsibility for the sinking of Admiral Von Reuter's internal fleet.

Germany is told it is "vain to seek to delay" the operation of the treaty and that the allies await the signature of the protocol without further loss of time.

## BEET SUGAR HELD; SENATOR OF OHIO, SAYS

### Pomerene Asserts Dealers Aim at High Prices.

(ASSOCIATED PRESS DISPATCH) WASHINGTON, Dec. 9.—Louisiana sugar at 17 1/2 cents a pound is available to Ohio growers, while sugar produced in Ohio cannot be bought at 10 1/2 cents, so Senator Albee Pomerene of Ohio told the senate.

Beet sugar produced in Ohio, Michigan and Indiana, according to the senator, is being held in the warehouse, having the market largely dependent on the high priced southern product.

"I am satisfied that there is not such a scarcity of sugar today as the dealers would have the country believe," said Senator Pomerene. "There is at least enough sugar in the country to meet present needs. Some parts of the country are in actual want because of sugar scarcity, and the condition is not justified."

"Must the beet sugar producers be paid exorbitant profits in order that the Louisiana refiners can make big profits?"

According to the statements of Senator Pomerene and other senators who come from beet sugar states, the difference between the price cane sugar people are allowed to charge for their product and the price beet sugar producers may charge for their's is responsible, to a large degree, for the present shortage.

Louisiana cane sugar producers say they have been assured by the United States department of justice that they would not be prosecuted for profiteering if they charged 17 1/2 cents for their product, while the beet sugar people were advised that 10 1/2 cents was a fair price for their product.

With authority of the United States sugar equalization board to fix prices due to end next month, and the establishment of much higher prices for the limited cane sugar crop than is authorized for the beet sugar crop, there is declared to be reason to believe that the beet sugar manufacturers can obtain much greater profits by withholding their product at this time.

Senator Pomerene said that one reason the beet sugar people had not put their product on the market recently was that they were given to understand they would be allowed 11 cents a pound during the latter part of November.

## HOPE FOR SYNDICALISM

YOUNGSTOWN, O., Dec. 9.—Preliminary hearing in the case of J. E. McCadden, secretary-treasurer of the steel strike committee in the Youngstown district, Frank Korasky, of Scranton, Pa., and John Kinisky, of Washington county, Pennsylvania on charges of criminal syndicalism were postponed until Friday by Mayor A. J. McVey of East Youngstown when the case was called today.

## RED AGITATION IS FOUND DUE TO RUSSIANS

### Petrograd Soviet is Working Through Communist Party.

### New York, Detroit, Cleveland Named As Group Centers.

(ASSOCIATED PRESS DISPATCH) NEW YORK, Dec. 9.—Radical agitation in this country with its resultant social unrest is not due to economic conditions, but to an organized, artificially stimulated movement under the inspiration of the Russian soviet government. This opinion will be submitted to the New York legislature in an exhaustive report by the joint legislative committee, which has been investigating radical activities here since its organization last May, it was learned today.

Three big groups of the radical element have been supplying the forces for wholesale dissemination of Bolshevik propaganda throughout the depth and breadth of the land, the report will assert; the anarchist group, including the Union of Russian Workers and other organizations; the Syndicalist group, the main body of which are the Industrial Workers of the World and the Communist group, including the Communist party of America and the Communist Labor party. In each of these groups the overthrow of government by illegal means, including violence, is the weapon urged upon masses, the report will state.

New York city is one of the big headquarters for the organized movement, the report will point out, with Chicago, Cleveland, Detroit and virtually every industrial center from the Atlantic to the Pacific harboring a headquarters for the radical campaign.

In the six months of the committee's active investigation practically every nook and cranny in Greater New York, where radicalism extending to all sections of the country had its nest was investigated. Hundreds of arrests have been made on information furnished by the committee. Scores of indictments for criminal anarchy have been returned on data presented and made available by it.

## BREAD, SUGAR BOOSTED

SANDUSKY, Dec. 9.—Bread was advanced from 14 to 15 cents a loaf and sugar from 14 to 15 cents a pound to the consumer here.

The advance in each instance followed the announcement of higher prices by the wholesaler. Bread that now costs the retailer 14 cents a loaf cost 13 cents until now.

## GARFIELD PUTS NATION UPON COAL RATION LOWER THAN IN FORCE DURING THE WAR

WASHINGTON, D. C., Dec. 9.—On the eve of the expected strike settlement under peace terms proposed by President Wilson the railroad administration, empowered today by the Fuel Administration to restrict coal consumption, issued orders more drastic than any which prevailed during the war.

With certain limited exceptions, the following industrial conditions will prevail throughout the nation: the orders to be effective immediately.

Manufacturing plants will be furnished coal sufficient for operation three days a week only.

All stores may be lighted for 6 hours a day only.

All office buildings must cut off lights not later than 4 p. m.

Cabarets must be dark after 11 p. m.

Ornamental and advertising lighting is prohibited.

Electric railroad schedules must be curtailed.

## Cold Storage Law Upheld By Ohio High Court

(ASSOCIATED PRESS DISPATCH) COLUMBUS, O., Dec. 9.—Whole-sale prosecutions for violations of the Smith cold storage law, a measure instituted by state officials in a drive to lower living costs, were sustained today by the Ohio supreme court when it affirmed the conviction of Theodore Leonard, Columbus poultry dealer and upheld the constitutionality of the Smith act.

That more than a score of cases awaiting this decision would be pushed to a speedy termination was the statement by Attorney General Price following the announcement of the decision. There are ten additional cases pending against Leonard in municipal court and ten against agents and officers of the Columbus Packing Company as well as several cases in a number of Ohio cities. Leonard was fined the maximum, \$500 in the first case, it was said might appeal to the United States supreme court.

The specific charge upon which Leonard was convicted was that of the sale of poultry which, it was charged, he had kept in storage longer than the ten months allowed under the Smith law.

## Moonshine Jug Explodes; Panic In U. S. Court

TOLEDO, O., Dec. 9.—When a jug of moonshine liquor exploded in a vault in the federal building here today, employees were in panic over what they thought was an anarchist's bomb. Some workers ran into the street and alarm was spread through parts of the downtown district. A janitor found that the moonshine had so completely exploded that the walls and contents of the vault were drenched.

## COLD WEATHER FOR LONG PERIOD IS FORECASTED

WASHINGTON, Dec. 9.—A prolonged period of cold weather over the entire country is indicated, the weather bureau announced today, by the abnormally high pressure over the region west of the Mississippi and the low pressure over the Gulf of Mexico, the Ohio Valley and off the North Pacific coast.

The cold wave in the west is spreading eastward and southward with zero temperatures as far south as the Texas Pan Handle and cold weather is forecast in the east and south tonight and tomorrow.

The weather will be much colder tonight and Wednesday in the region of the Great Lakes, the Ohio Valley, Tennessee and the East Gulf states and Wednesday in the Atlantic states.

## HOPE AT CHICAGO

CHICAGO, Dec. 9.—Hope of paving the way for final settlement of the bituminous coal miners' strike today turned to Indianapolis as an extension of stringent fuel administration rationing orders reduced the nation's industries virtually to one-half time basis. The most severe weather of the winter, with sub-zero temperatures and further depletion of the diminished coal reserve, gripped nearly all of the country west of the Mississippi river, with a spread southward and eastward forecast for tomorrow and Thursday.

Minds of officials were optimistic that the miners' wage scale committee would vote favorably on the recommendation of the union leaders that the government's proposal for settlement of the 39 day old strike be accepted. In that event no relaxation of the rationing orders might be expected immediately, however, officials pointed out.

## MINERS' HEAD MEN CONFER ON PROPOSAL

### Under Fuel Order More Plants Are to Close in This State.

### Outlook at Chicago Hopeful Despite the Zero Weather.

(ASSOCIATED PRESS DISPATCH) WASHINGTON, Dec. 9.—A telegram from Attorney General Palmer at Indianapolis received today at the White House saying the miners certainly would accept President Wilson's plan for a settlement of the strike was misinterpreted by officials there as saying the miners had accepted the plan and led to such announcement. A correction was made immediately afterward.

INDIANAPOLIS, Ind., Dec. 9.—Mr. Palmer's statement given out at 2:30 o'clock follows: "The president Saturday was about to issue a statement to the country reciting the facts in relation to the strike situation and making an appeal to the miners to go back to work."

"Mr. Lewis and Mr. Green called on me that day and I showed them the president's statement. They finally agreed to its terms as far as they were concerned and called a meeting of their official boards to consider it, at which time they agreed to urge its acceptance."

"A memorandum was prepared, its form being agreed to by Mr. Lewis and myself embodying in brief the president's proposal and the action which should be taken by the miners. The president's statement will be presented to the miners this afternoon and I am assured that the action indicated will be taken."

## TERMS OF AGREEMENT

INDIANAPOLIS, Ind., Dec. 9.—The president's proposal to the striking coal miners as announced this afternoon by Attorney General Palmer here, provides for immediate return to work by the men under the 14 per cent advance and appointment of a commission to investigate and readjust wages to conform with the increased cost of living.

(ASSOCIATED PRESS DISPATCH) INDIANAPOLIS, Ind., Dec. 9.—Hearing on the charges of contempt of court, filed against 84 general and district officials of the United Mine Workers of America was postponed until next Tuesday morning, by United States District Judge A. B. Anderson on motion of C. B. Ames for the government.

The postponement was taken pending the outcome of the meeting if miners' officials here this afternoon to act on the plan of President Wilson for ending the strike. The plan was submitted to President Lewis and Mr. Green by Attorney General Palmer in Washington last Saturday. No intimation of the proposals contained in the plan had been made known this morning.

United States District Attorney Slack moved the postponement of the impaneling of the federal grand jury summoned by Judge Anderson to investigate alleged violations of the Lever and anti-trust laws by operators, miners and coal dealers, and the court fixed Wednesday, December 17, as the date.

## MORE PLANTS CLOSE

COLUMBUS, O., Dec. 9.—Under the stringent regulations announced last night by Fuel Administrator Garfield many additional industrial plants are expected to be shut down in Ohio.

## HOPE AT CHICAGO

## KIWANIS MEETING TODAY POSTPONED

Owing to the Dinner Dance to be given by the local Kiwanis Club at the Elks' Home tomorrow evening, the regular meeting today was postponed. Everything is in readiness for the big event tomorrow evening, according to members of the organization, and it is anticipated one of the largest crowds ever assembled in the Elks' Home will be on hand to partake of the festivities.

It is practically assured, Indian Jim Jolley avers, that every member of the club who is in the city tomorrow evening will be on hand with his wife or "lady friend." Following the "feed" the joy-makers will trip the light fantastic, and endeavor to excel over brother members in the Terpsichorean art.

### Will One Pair of Glasses Suffice?

It is no longer considered advisable, nor in accord with modern customs, to wear the same eye-glasses for every occasion. To have your eyes "well dressed" you should wear a different style for street use from those that you wear with so much comfort in the library or office. Very formal affairs require a more distinctive type than those you wear for ordinary use about the home.

We will be pleased to explain the correct modes in glasses to you if you are interested in being up-to-date in eyewear.

## Two Men Injured At Planning Mill

S. J. Lewis, 697 West North street, and William Hannan, of Wapakoneta, were painfully injured late Monday afternoon while working at the Lewis Brothers Manufacturing plant, East Pearl street when a piece of timber broke while running

through a rip saw. Hannan sustained a badly lacerated hand, as he was working the saw. Lewis who was standing behind him was hit in the leg by a large piece of the timber.

Both men were taken to St. Rita's hospital in the Williams and Davis ambulance. An X-ray examination of Lewis' leg disclosed a break just above the knee. Hannan was able to leave for his home after having his hand dressed.

### Xmas Seal Sales Quota in Sight

Sale of Red Cross Christmas seals in Lima is progressing splendidly, and Lima will undoubtedly sell her quota of \$30,000 before Christmas, according to Miss Kate Kelly, local chairman. The schools have been

well organized and the children have sold many hundred dollars worth of the seals. Booths in the various business houses and stores will be opened December 15. The booth in the lobby of the postoffice has brought in many dollars for the fund.

Adjustable feet for bath tubs have been invented to make them stand level on uneven floors.

## MEETS DEATH IN PECULIAR MANNER

L. H. Green, laborer, was instantly killed about 6 o'clock Monday evening, when he fell into the head of a shredding machine, while working on the Adam Reed farm near Kossuth. Green was employed carrying water for J. Haney, foreman of the farming crew, and had just lifted the lid of the machine, when his foot caught and he was thrown inside. His body was horribly mangled, death being almost instantaneous.

Follow workmen called the Spencerville ambulance, and the remains were taken to the home of his sister Mrs. Adeline Jacobs, Spencerville, where the deceased had made his home. He was past 60 years of age. Two children both living in Indianapolis survive him. Funeral services will be held Thursday morning at the home of his sister and burial will be made in Spencerville.

### News Editor To Address Class

Grove Patterson, managing editor of the Toledo Blade, and a widely known newspaperman, will address the students in the first advertising class at the Y. M. C. A., tonight. A large number of students have enrolled in the class, which will be conducted under the direction of J. M. Case, advertising manager of the Garford Motor Truck Co.

### Health Conditions Here are Good

Comparatively few cases of contagious diseases have been reported to the local health office for the past ten days, according to Miss Margaret Nash, registrar, and typhoid, scarlet fever and diphtheria is on the decrease. Health conditions here at the present time are exceptionally good, especially for this season of the year.

## Special Notice To Readers Of The Times-Democrat

The highest medical authorities in the United States and Great Britain strongly endorse the medicinal ingredients used in the preparation of Nuxite Ointment for an aid in the treatment of nasal catarrh, soreness in the chest pneumonia, cold in the head Tonsillitis, sore throat, Asthma and spasmodic croup. When used according to directions there is no preparation which is more powerful as an auxiliary treatment or as an aid in the prevention of the above troubles.

A cough or more inflamed throat is a direct warning and unless it is promptly attended to, more serious complications are sure to follow. Nuxite Cough Syrup is an ideal early treatment for these conditions and no home should be without this splendid treatment, which is prepared only from carefully selected medicinal ingredients most highly endorsed and recommended by the highest medical authorities of both America and Europe.

The Nuxite preparations are sold in Lima at Hunter's Public Square Store.

## LOCAL LODGES TO DONATE SIX HOGS

The Odd Fellows of District No. 28, consisting of Allen, Lima, and Solar Lodges of this city, Spencerville, West Cairo, Elida, Bluffton, Lafayette and Beaver Dam, will hold a meeting in Allen Lodge room, Central building, Friday evening, Dec. 12th, at 7:30 p. m.

The grand master, trustees of the home at Springfield and other prominent officers of the order will be in attendance. This meeting will be of more than ordinary interest to the Odd Fellows at this section, as there will be a presentation of hogs donated by the different lodges of this district to the Home farm at Springfield in some instances, where lodges are small, two lodges have combined to make up the amount. Of this district, Allen, Lima and Solar lodges of this city, Spencerville, West Cairo and Lafayette have each donated a hog, Bluffton and Elida making a cash donation. W. A. Eherman, of this city, representative of this district, has exerted himself to the utmost to make this a success and his efforts are meeting with gratifying results.

## MOTHER WORRIED MORE THAN HOSS

An old-fashioned country lady and her son were driving into Dayton in the family buggy when a huge automobile bore down upon them. The horse was badly frightened and began to prance, and the old lady promptly got out and waved wildly to the chauffeur, screaming in her excitement.

The chauffeur stopped the car and offered to help get the horse quiet again.

"That's all right," said the boy who remained composedly in the carriage. "I can manage the horse. You just lead mother past."

Should be Quarantined.  
Many physicians believe that anyone who has a bad cold should be completely isolated to prevent other members of the family and associates from contracting the disease, as colds are about as catching as measles. One thing sure—the sooner one rids himself of a cold the less the danger, and you will look a good while before you find a better medicine than Chamberlain's Cough Remedy to aid you in curing a cold. mwf

## IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying, and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

If you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

The one dominating thought  
in every person's mind at this  
time is Christmas shopping.

What a wonderful thing is this un-  
selfish Christmas spirit with its sole  
purpose of making others happy.  
There is no more beautiful thought  
in the world.

This store has naturally caught  
the enthusiasm of "Santa Claus  
Time." Large, varied assortments of  
carefully selected merchandise sug-  
gest scores of ways in which every  
one may be remembered. Practical,  
sensible gifts abound for mothers  
and daughters, fathers and sons—  
and you can almost hear the sleigh  
bells jingle and the reindeers patter  
on the roof when you see the won-  
derful dolls and playthings that  
will make little ones dance with joy.

Above all we offer prompt serv-  
ice, good values and good cheer—  
that is our contribution toward  
pleasant, satisfying Christmas  
shopping.

## PLAN 46 MILES OF NEW ROADS IN THIS COUNTY

Good Roads Council Formulates Plans At Yesterday's Meeting.

G. F. RUDISILL TALKS

Organization Also Backs New Automobile Graduated Taxation.

Forty-six miles of new paved roads, and through paved thoroughfares connecting Lima with Toledo and Fort Wayne will result at the end of two years if the plans considered at a good roads meeting held at the court house late Monday afternoon are carried out. A committee consisting of W. C. Bradley as chairman, Joe Hartline representing the Kiwanis Club, Andy Gray, rural representative, James C. Morton, Retail Merchants Association, and Frank Thomas of the Lima Automobile Club was appointed by the Allen County Good Roads Council to confer with the commissioners as to the method of carrying out the program, and to visit the state highway advisory board at an early date to present a tentative program for two years.

The roads suggested by the county commissioners to be included in the program are the Dixie highway north, Lima to Spencer, Lima to Westminster, Marion road east to the county line, Dixie road south to county line and the Lima-Ottawa road south to the county line.

Rudisill Outlines Plan Secretary G. F. Rudisill of the Ohio Good Roads Federation discussed in detail the plan of the state in regard to giving aid to counties for road building after January 1. After that time he said, definite road building plan will be put into effect and counties will be given preference which are building in harmony with the general state plan. This plan has as its aim the building up of a thorough system throughout the state he said, that will do most good to the most people.

Rudisill discussed thoroughly the proposed graduated automobile tax which failed to pass in the general assembly recently. This measure failed as a result of opposition of the Secretary of State, he said, and the combined opposition of the automobile clubs of the state. The measure comes before the assembly again Tuesday, he said, and at this time it is hoped to get the bill through. Representatives of the local automobile club expressed their opinion that the opposition of

automobile clubs of the state was due to a lack of publicity given the bill and consequent misunderstanding.

Club Favors Bill The Good Roads Council forwarded a telegram signed by representatives of the principal clubs of the county to Columbus immediately after the meeting favoring the bill and asking that it receive the support of Allen county's representation in the general assembly when it comes before that body again. The automobile club sent a like telegram, rescinding their former stand, according to representatives present.

While the money coming from the automobile tax goes to the state for road improvements, said Rudisill, fifty per cent is returned to the county from which it is collected rather than being distributed indiscriminately throughout the state. The automobile tax in Ohio is lower than 43 other states of the union, Rudisill pointed out, the five states with which it ranks being Kansas, Minnesota, Nebraska, South Dakota and Wyoming. The new tax if passed will tax automobiles from \$12 to \$60 per year, according to size, he said.

## TRAIN CUT WILL NOT AFFECT LIMA

The first cut in the passenger service of the R. and O. passenger schedule, effective at 12:01 Wednesday morning, affects none of the trains on the local division, according to statement of P. P. Finnegan, traffic manager western lines of the Baltimore and Ohio R. Co., made public Tuesday.

The trains which will be discontinued, according to the announcement are trains No. 11 and No. 12 between New York and Cincinnati; trains 41 and 42 between North Vernon and Louisville; trains 51 and 52 between Parkersburg and Portsmouth; trains 61 and 62 between Chillicothe and Dayton; trains 71 and 72 between Akron and Willard; trains 81 and 82 between Cleveland and Halloway; trains 91 and 92 between Cleveland and Akron; trains 101 and 102 between Zanesville and Parkersburg; trains 111 and 112 between Lima and Beardsboro; and trains 121 and 122 between Lima and Shawnee.

No special trains will be run for business or pleasure travel, except what is necessitated by school and college travel during the holidays, it is announced.

## Fire Conditions Here are Good

Fire Chief Mack's tour of inspection of cellars and other places where inflammable material is likely to accumulate, show the city to be in excellent condition, he says. A fire prevention campaign was commenced by the chief Tuesday in an effort to lower the losses of the city from fire for the coming year.

The campaign includes thorough inspections by the chief and efforts to increase the interest in fire drills being conducted in the public schools.

## MUST REFUND PART OF LICENSE

Recent ruling of the supreme court of the state of Ohio is to the effect that former saloon keepers are entitled to a refund of license for the period during which saloons were closed during the influenza epidemic. No former saloon keepers of this city have made a claim for refund, according to County Auditor Phillips.

## AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick, and glossy and you look years younger.

## GARFIELD'S INSTRUCTIONS NOT RECEIVED

No Orders From Fuel Administrator Have Arrived In Lima.

ALL WILLING TO AID

Conservation of Light and Power Is Continued by Merchants.

Following drastic instructions issued from Washington Monday evening by Fuel Administrator Garfield the Retail Merchants' Association held a meeting at their offices in the Chamber of Commerce building Tuesday morning to consider the effect in Lima.

No word having been received by officials, it was decided the present voluntary conservation being practised is all that can be done pending further instructions from the fuel administration according to James Morton, secretary of the merchants' organization, Conservation in light and heating is being observed by the merchants as far as is possible while they remain open and this will be continued.

Dugan Receives No Word. Resident Manager J. B. Dugan, of the Ohio Electric had not received the order late Tuesday afternoon and until such time as official orders arrive power is being furnished industrial plants.

No Closing Now. The only knowledge city officials have of the new fuel rules is from the press reports according to Morton, and no action will be taken in further curtailment of power and light for the present. With the water works assured of ample supply from the D. T. & I. railroad and no actual suffering in the city, it may not be necessary to enforce the drastic terms of the new rules in Lima further than the present voluntary conservation which is being willingly carried out by all Mayor Simpson said Tuesday. "Should the order be received here," said the Mayor, "its terms will necessarily be rigidly enforced, but the voluntary conservation in the city eliminates necessity for independent action of city officials."

Orders are Final. "The orders of the fuel administrator are final," said W. H. Clarke, secretary of the Chamber of Commerce, "but if the citizens and business men of Lima can conserve sufficiently to put off the necessity of closing down any of the industries, a great service will be rendered."

Clarke believes everyone is willing to conserve to the limit to keep industries which furnish men employment from closing down at this time of the year, he said.

It is estimated 10,000 workmen in Lima would be effected by the closing of factories which under the new ruling, as soon as it goes into effect, limits their operations to a three day week.

City street lights will be unaffected, with the possible exception of the ornamental lights on Market street according to Service Director McNeany.

## Grants Divorce; Considers One

Judge Bailey sitting on the Allen county common pleas bench Tuesday granted one divorce and took another under advisement.

Willis P. Ryan was granted a decree of divorce from Sarah Ellen Ryan on grounds of gross neglect of duty. The defendant was restored to her maiden name of Sarah Ellen Muma.

The divorce proceedings of Nathan George Drake against Catherine W. Drake were heard and taken under advisement.

## PLAYS ONE ROLE NINETEEN YEARS

Practice makes perfect and that's why Joe Jenny, leading light of the Empire Comedy Four, vaudeville's greatest harmony singing quartette, is considered the peer of all character funsters. For nineteen consecutive years, Jenny has impersonated the same character, from two to three times every day—changing only the songs he would sing and the things he would say, but the character—never.

The Palace theater of New York City is the goal towards which all artists work. Merely to appear there is to have achieved notable success. To be headlined at the Palace is to have won the highest recognition within the gift of the powers that be and before most sophisticated vaudeville audience in the world.

Joe Jenny, with the other three members of his Empire Comedy Four, headlining at the Orpheum theater, in Lima, today and tomorrow, were first featured attraction at the Palace theater not more than five weeks ago. They occupied the stage at the Palace for forty-nine nights, during which time they gave nineteen encores. They are as big a hit at the Orpheum as they were in New York.

"It's merely a matter of practice," declares Jenny. "I've been practicing nineteen years."

MEETING POSTPONED Meeting of the commissioners to have been held with the Hardin county commissioners in regard to the Diller ditch was postponed to December 17.

"Pape's Cold Compound" Then Breaks Up a Cold in a Few Hours.

Don't stay stuffed-up. Quit blowing and snuffling. A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged up nostrils and the air passages of the head; stops nose running; relieves the headache, dizziness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

## CHILDREN DISPLAY GREAT ENTHUSIASM IN SEAL CAMPAIGN

Reports from the village and country schools indicate that the rural school children are keenly anxious to make a great record in their sales of the little Red Cross Christmas seals. The visits first of Miss Cunningham, the Rural nurse from the state department and more recently that of Miss Nibel, the official nurse of the Allen County Child Welfare Association have popularized the cause immensely. The children take readily to the kindly examinations and advice of the nurse and are looking forward to the installation of the Health Crusade work with great interest. In this there is a spirit of competition engendered as pupils are pitted against each other in the attention to certain health habits for which credits are earned.

The eighty per cent that accrues to the county through the Child Welfare Association is to provide the paraphernalia and other costs of this Crusade work. Many teachers in the country schools have called up to inquire when they would receive their supplies of seals. These are going out now every day.

Delphos Sale Big. In Delphos the sale has reached \$160.00 Saturday. Mrs. H. M. Veil is the chairman and is taking a great interest in the work. Mrs. Elmer Ewing is at the head of the sale in Bluffton, and splendid reports also come from that village. In Spencer the sale is progressing splendidly under the direction of Mrs. Charles Pohlman. It is explained to the rural residents that the little seals are just as acceptable on packages as on the letters, but they must not be used in place of the regular postage. Uncle Sam must have his usual pay for carrying the packages. The extra from the stamps comes back to the sender in the form of good things and increased health for the children.

## If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system, the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in over-crowded kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer and Co., Binghamton, N. Y., and enclose ten cents; also mention the Lima News and Times-Democrat. Large and medium size bottles for sale at all drug stores.

Monroe township the early part of this week, the later part of the week she will spend among the schools of Richland township.

## Ruling Will Be in Effect Wednesday

If you are a shipper and have not been complying with the new packing rules required by the American Railway Express Company, "watch your step" commencing Wednesday, as this is the date the new ruling goes into effect. This is the warning issued by Agent F. T. Priest. After that time no package of over 25 pounds can be accepted unless properly packed in fibre or cardboard cartons passing the required tests, or boxes made of wood.

The new ruling does not effect packages of under 25 pounds in weight.

## ZANONE'S CONDITION REMAINS UNCHANGED

The condition of Frank Zanone, manager of the Regent theatre who for the past week has been in a serious condition at the city hospital, was reported to be but little improved Tuesday afternoon. Mr. Zanone is suffering from a hemorrhage of the brain.
